TO WHOM IT MAY CONCERN

We have used *Interclass* as one of our immersion centres in Brazil for the past 5 years.

During these years the school has proven to be an excellent language school and they have always been very reliable. The school is well established and conveniently located.

Interclass offers a high quality standard for immersion programmes as well as good facilities in a friendly familiar atmosphere.

Their courses are tailor-made to student's particular needs and requirements. They offer personalised programmes which focus on each student's areas of responsibility and interests. Their staff are friendly and attentive. Students are very satisfied with the quality of the teaching, and with the attention and pastoral care they receive.

Besides tuition, *Interclass* offers a good range of extra-curricular activities. They organise a number of outside projects, visits and excursions for the students. They can also arrange contact with local businesses.

Interclass's dedicated team of professional teachers is supported by a good network of welcoming, helpful, reliable and quality-checked homestay families.

Interclass excellent work has been done with great enthusiasm and efficiency. They are a good team to work with. I can only highly recommend them.

If you should you require further information please do not hesitate to contact me.

Yours faithfully
